

Spirituality in the New Age

WHITE
EAGLE
LODGE

A White Eagle Retreat Day
with Rozita Hansen (deputy Lodge mother)
SUNDAY 22nd SEPTEMBER 2024

The world is going through many challenges and changes as we move from the astrological water sign Pisces to the air sign Aquarius. This affects all aspects of life, breaking down old structures and ways of being and doing. On this day we will look at how this can affect us spiritually, what the challenges might be, and what we are likely to learn.

There will also be a possibility for sharing how we can tackle some of the challenges through this transition.
